Project Description

According to the Bank's website, the Project Development Objective is to support the Government of The Gambia (GoTG) in piloting the implementation of a sustainable solar and battery energy storage system (BESS) competitive bidding process to attract investments from private sector with a Private Public Partnership (PPP). In this regard, the Project aims to improve the diversification and resilience of the Gambian electricity sector by strengthening the institutional framework, leverage additional private capital, address concerns of energy security and diversifying the energy sources.

ACCESS TO INFORMATION

To submit an information request for project information, you will have to create an account to access the Access to Information request form. You can learn more about this process at: <https://www.worldbank.org/en/access-to-information/request-submission>

ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. Information on how to file a complaint and a complaint request form are available at: <https://www.inspectionpanel.org/how-to-file-complaint>
