Project Description

According to the Bank’s website, the objective of this project is to provide Emergency Safety Nets support to vulnerable and food insecure populations in selected areas of the Republic of the Sudan.

Components:
Emergency Safety Net Transfers
Human Capital sensitive cash transfers
Project Management

Early Warning System Project Analysis

The environmental risk of the project is moderate. The Project finances unconditional cash transfers. The unconditional cash transfers will be relatively low, with hardly any savings for investment by the beneficiary households to get involved in the implementation of activities potentially affecting the environment. The potential environmental risks and impacts include worker occupational health and safety (OHS) risks associated with cash transfer. Hence, OHS concerns are anticipated to be the main environmental risks because of the project activities.

Social risk rating of the project is considered High, mainly due to inherent project related social risks including (i) exclusion of most vulnerable groups including ethnic minorities and IDPs, and beneficiaries in remote areas; (ii) security concerns for project staff, workers of Payment service providers, and beneficiaries; (iii) rejection of selection criteria for project benefits; (iv) weak and insufficient community engagement during preparation and implementation which could result in elite capture, (v) conflict and social tensions between the host communities and IDPs; (vi) illegal activities, such as violence, extortion, theft, armed assault, looting, and vandalism of project materials and properties; (vii) risks related to unexploded ordinances due to past and an ongoing active conflcit in some of project area, and (viii) risk of GBV, including sexual exploitation and abuse and sexual harassment (SEA/SH).

ACCESS TO INFORMATION

To submit an information request for project information, you will have to create an account to access the Access to Information request form. You can learn more about this process at: https://www.worldbank.org/en/access-to-information/request-submission

ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. Information on how to file a complaint and a complaint request form are available at: https://www.inspectionpanel.org/how-to-file-complaint
