Project Description

According to bank's website, the approved project aims to increase access to climate-resilient water supply and sanitation services and to strengthen the capacity of water operators. The project aims to provide safely managed drinking water services to previously unserved populations and to improve the quality of services from basic to safely managed drinking water services in Bujumbura through expanding production capacity , distribution systems and household connections. For rural areas, the project aims to improve access to at least basic water supply and sanitation services in selected communes prioritized by the government. Moreover, the project will improve access to water, sanitation, and hygiene (WASH) facilities in selected schools and health centers within the rural communes.

ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. Information on how to file a complaint and a complaint request form are available at: <https://www.inspectionpanel.org/how-to-file-complaint>
