Project Description

According to the Bank's website, the objective of this project is to improve the enabling business environment and deepening access to finance for private sector-led growth.

The proposed operation under design aims to support efforts to (i) reduce business and trade costs, increase competition, enhance labor market flexibility, and (ii) increase and diversify access to finance. Reforms that support an enabling business environment focus on reducing business costs; promoting competition and market entry; facilitating trade; and enhanced labor market flexibility. Access to finance from financial institutions is expected to be increased and diversified by modernizing the enabling regulatory framework and the financial infrastructure.

Early Warning System Project Analysis

The overall risk rating for the proposed DPF is substantial, based primarily on macroeconomic, institutional, and geopolitical risks. Risk mitigation measures are also being put in place as part of DPF design to support capacity building, institutional arrangements and implementation of proposed reforms.

ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. Information on how to file a complaint and a complaint request form are available at: <https://www.inspectionpanel.org/how-to-file-complaint>
