Investment Amount (USD)	\$ 130.00 million
Loan Amount (USD)	\$ 130.00 million
Project Cost (USD)	\$ 130.00 million

Project Description

According to the WB, the development objective is to enhance access to resilient infrastructure and increase institutional capacity in Jujuy to support economic development and job creation in mining and related sectors, and to act effectively in case of an eligible crisis or emergency.

The project aims to support the economic development and job creation in mining and other productive sectors in Jujuy. Strategic infrastructure needed to enable this development in Jujuy will be supported through four key components: (1) development of the road network to improve connectivity; (2) support for the mining sector by strengthening sustainability, oversight, training, and transparency in mining operations; (3) promotion of intermodality and technological development, including the multimodal logistics center and a Technological and Knowledge Node; and (4) enhancement of road network maintenance through multi-year planning, technical training, community engagement, and models for private sector participation.

ACCESS TO INFORMATION

To submit an information request for project information, you will have to create an account to access the Access to Information request form. You can learn more about this process at: <https://www.worldbank.org/en/access-to-information/request-submission>

ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. Information on how to file a complaint and a complaint request form are available at: <https://www.inspectionpanel.org/how-to-file-complaint>
