Strengthening Climate and Water Information Management Systems

Quick Facts

Countries	Yemen
Financial Institutions	World Bank (WB)
Status	Canceled
Bank Risk Rating	B
Voting Date	2025-11-20
Borrower	Food and Agriculture Organization FAO
Sectors	Law and Government, Water and Sanitation
Investment Type(s)	Grant
Grant Amount (USD)	\$ 4.55 million

Project Description

According to bank's website, the canceled project aims to support Yemen in strengthening a Climate and Water Information Management System in selected water basins to enhance sustainable and resilient water resources management and development. It will support a comprehensive assessment of the enabling environment for the strengthening, upgrading and revitalization of the CWIMS. This will include an assessment of existing data collection infrastructure, the various databases, along with capacity in order to identify gaps at decentralized levels of the National Water Resources Authority (NWRA) and other relevant institutions. Investment plans will be developed to address the gaps identified in the capacity assessment. The project will also support the review and development of inter-institutional rules and regulations at basin level to improve existing water resources data water management in Yemen, and the development of a cloud-based data repository which can be populated and accessed by relevant institutions. Hard and software needed for the establishment of these activities will also be financed by the project, as well as a capacity building component to strengthen the technical capacities of decentralized institutions in using these systems and the development of end-user products.

ACCESS TO INFORMATION

To submit an information request for project information, you will have to create an account to access the Access to Information request form. You can learn more about this process at: <https://www.worldbank.org/en/access-to-information/request-submission>

ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. Information on how to file a complaint and a complaint request form are available at: <https://www.inspectionpanel.org/how-to-file-complaint>
