Project Description

According to bank's website, the approved project aims to support to ILBANK and metropolitan municipalities in Turkiye to deliver scalable, sustainable and resilient urban infrastructure and services. The initiative will help participating municipalities address urban development and municipal investment finance challenges by leveraging the international expertise and technical knowledge of IBRD and IFC to provide a broader range of tailored financing instruments. Under the IBRD operation, the Project will deliver a package of investments and technical assistance to the participating metropolitan municipalities to improve access to sustainable and resilient municipal infrastructure and services. The Project will have three components: (i) Component 1. Integrated, multi-sectoral investments in participating municipalities: The component will support municipal investments contributing to more livable, productive, and climate resilient urban infrastructure and services in the participating municipalities. The eligible sector list is expected to include urban transport, and water and sanitation. This component will cover Antalya and Konya Metropolitan Municipalities; (ii) Component 2. Strengthening capacity of ILBANK and municipalities: The component will help ILBANK and eligible municipalities build institutional and technical capacity in municipal finance and sustainable and resilient urban management. (iii) Component 3. Project Management: The component will finance provision of goods, consulting and non-consulting services, operating costs, and training to ILBANK for Project management and implementation support activities.

ACCESS TO INFORMATION

To submit an information request for project information, you will have to create an account to access the Access to Information request form. You can learn more about this process at: https://www.worldbank.org/en/access-to-information/request-submission

ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. Information on how to file a complaint and a complaint request form are available at: https://www.inspectionpanel.org/how-to-file-complaint
