Investment Type(s)	Loan
Investment Amount (USD)	$ 350.00 million
Loan Amount (USD)	$ 350.00 million
Project Cost (USD)	$ 350.00 million

Project Description

According to the WB, the development objective is:(i) To strengthen fiscal sustainability through improved fiscal management tools and spending efficiency; and (ii) To enhance resilience to natural disasters and climate change.

The development objectives of Fiscal Sustainability and Resilience DPF with CAT DDO Program for El Salvador are : (i) To strengthen fiscal sustainability through improved fiscal management tools and spending efficiency; and (ii) To enhance resilience to natural disasters and climate change. The operation is closely aligned with the government's strategy for inclusive and sustainable growth. El Salvador's National Integrated Development Strategy 2023 (ENDI) aims to facilitate the effective implementation of economic and social development policies that accelerate progress toward achieving the Sustainable Development Goals by 2030. This strategy focuses on promoting an inclusive and integrated development model through 25 policy action areas organized into four pillars: (i) strengthening human capital; (ii) transforming and diversifying the production matrix; (iii) ensuring food and water security while protecting the biosphere; and (iv) fostering innovation, clean energy, and resilience. The operation is aligned with the priorities identified under the current FY23-27 CPF and the 2022 Systematic Country Diagnostic (SCD) update. This DPF reform program is consistent with the Maximizing Finance for Development (MFD) principles and is private capital enabling (PCE).

ACCESS TO INFORMATION

To submit an information request for project information, you will have to create an account to access the Access to Information request form. You can learn more about this process at: https://www.worldbank.org/en/access-to-information/request-submission

ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. Information on how to file a complaint and a complaint request form are available at: https://www.inspectionpanel.org/how-to-file-complaint
