## Project Description

According to bank's website, the approved project is a hybrid Program-for-Results (PforR) operation with a complementary IPF technical assistance component. It seeks to enhance participatory local governance, increase access to improved climate-resilient public infrastructure, and expand economic opportunities for communities in selected mahallas. The operation totals US$350 million, financed by an IDA credit (US$150 million), AIIB credit (US$120 million), and government counterpart funding (US$80 million). The Program targets a subset of 296 Mahallas in 36 districts selected based on infrastructure gaps, poverty and vulnerability indicators, and economic potential.RIDP2 supports a defined subset of the government's broader rural program, aligning with the Presidential Program for the Development of Social and Industrial Infrastructure (PPDSI) and using country systems for planning, budgeting, procurement, environmental and social risk management, and results verification.

ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. Information on how to file a complaint and a complaint request form are available at: https://www.inspectionpanel.org/how-to-file-complaint
