Project Description

According to the Bank's website, the Program Development Objective is to improve water sector accountability and strengthen the operational efficiency of selected water supply and sanitation commercial utilities.

The objective of this grant is to enhance Zambia's water supply and sanitation services, focusing on improving governance, operational efficiency, and expanding access to water and sanitation services.

The Water Supply and Sanitation Services in Growth Centers Program, financed by a \$33 million grant from the International Development Association (IDA), will focus on selected water supply and sanitation commercial utilities including Kafubu, Luapula, North-western, and Western. It will be implemented by the Ministry of Water Development and Sanitation (MWDS) in collaboration with various commercial utilities in Zambia, and the National Water Supply and Sanitation Council (NWASCO, the regulator).
