Project Description

According to bank's website, the approved project is a fast-disbursing instrument that can be used to channel the 10% of undisbursed and uncommitted funds in the country portfolio available through the Rapid Response Option (RRO) which the Government of Chad has formally subscribed to. This IPF is prepared in advance, with no initial funding. It can be activated to use RRO funds to respond to natural adverse events, public health emergencies, political or security crises, and economic or social crises. Funds will be executed based on a positive list of eligible expenditures, including funding for essential imports (e.g., food, medicine), cash transfers to affected households, key sector salaries to improve emergency response and replenishment of emergency or solidarity funds. This list will be prepared and agreed with the government during preparation.

ACCESS TO INFORMATION

To submit an information request for project information, you will have to create an account to access the Access to Information request form. You can learn more about this process at: <https://www.worldbank.org/en/access-to-information/request-submission>

ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. Information on how to file a complaint and a complaint request form are available at: <https://www.inspectionpanel.org/how-to-file-complaint>
