Project Description

According to the development objective is to improve efficiency in public resource management in selected departments of the State of Amazonas.

The State of Amazonas has requested the World Bank's assistance to consolidate recent reforms and improve efficiency in whole-of-government public sector management systems and service delivery in sectors under the Progestao Program. The proposed scope for the project is fully aligned with the Multi-phased Programmatic Approach (MPA) Progestao Program objectives. The State requested assistance in the program cross-cutting areas, including human resource management; pensions; public procurement; public investment management and budgeting; and asset management. It will also support investments in financial management and information systems aiming at improving fiscal efficiency in the health, education and social assistance sectors.
