Project Description

According to bank's website, the approved project aims to focus on (i) the rehabilitation of EN1 between Guadalupe and Neves and of the Lagarto Bay Marginal Road (ES101), and (ii) the strengthening of institutions to support climate resilient road asset management and improved road safety. These interventions aim to enhance climate resilience and road safety through slope stabilization, drainage restoration, coastal defenses, and the use of grey and green infrastructure, including nature-based solutions (NBS). Component 2 includes technical assistance and institutional capacity building to improve climate-resilient and gender-responsive road asset management. Component 3 supports project management and monitoring, while Component 4 (CERC).

ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. Information on how to file a complaint and a complaint request form are available at: https://www.inspectionpanel.org/how-to-file-complaint
