Investment Type(s)	Loan
Investment Amount (USD)	\$ 250.00 million
Loan Amount (USD)	\$ 250.00 million
Project Cost (USD)	\$ 250.00 million

Project Description

According to bank's website, the approved project aims to transform Kinshasa into a clean, connected, and competitive city by providing integrated solid waste management (SWM) services in selected neighborhoods, developing capacities and plans for waterfront development, and creating better and more inclusive jobs. Through a multi-phased approach, the operation will establish functional SWM infrastructure, prepare for investments in urban mobility and riverfront revitalization, and maximize economic opportunities via investments in urban services. It also prioritizes job creation--especially for youth and women--skills development, and private sector engagement, while also strengthening institutional frameworks and financial sustainability to ensure long-term impact and replicability across other cities in the Democratic Republic of Congo.

ACCESS TO INFORMATION

To submit an information request for project information, you will have to create an account to access the Access to Information request form. You can learn more about this process at: <https://www.worldbank.org/en/access-to-information/request-submission>

ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. Information on how to file a complaint and a complaint request form are available at: <https://www.inspectionpanel.org/how-to-file-complaint>
