Project Description

According to bank's website, the approved project aims to support the government across three interconnected pillars: strengthening financial stability and the business environment, promoting fiscal transparency, and enhancing environmental and social resilience. These pillars are closely aligned with the Seychelles National Development Strategy 2024-2028, which charts a course toward diversified, inclusive, and climate-resilient development across six areas including economic transformation, public service modernization, health, education, law and order, and environmental sustainability. The DPO's first pillar advances legislative reforms in non-bank credit regulation, cybercrime, and renewable energy; its second pillar targets revenue transparency through transfer pricing rules and improved budget efficiency; and its third pillar addresses waste management and youth risk behavior. Together, these measures form a coherent reform agenda that reinforces the country's long-term development priorities.

To submit an information request for project information, you will have to create an account to access the Access to Information request form. You can learn more about this process at: https://www.worldbank.org/en/access-to-information/request-submission

ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. Information on how to file a complaint and a complaint request form are available at: https://www.inspectionpanel.org/how-to-file-complaint
