Investment Type(s)	Loan
Investment Amount (USD)	\$ 150.00 million
Loan Amount (USD)	\$ 150.00 million
Project Cost (USD)	\$ 205.12 million

Project Description

As stated by the World Bank, the Uzbekistan Risk Mitigation Facility (URMF, Project or Facility) aims to scale up and streamline support to accelerate private investment in renewable energy (RE), battery energy storage systems (BESS), and related energy infrastructure. Building on the success of the World Bank Power Generation Guarantee operations (i.e. IBRD payment guarantees) implemented between 2021-2025, the Facility aims to design a holistic credit enhancement and guarantee mechanism that standardizes risk assessment, decision-making, and implementation of risk-mitigation-oriented tools such as Deferred Drawdown Options (DDO) , Working Capital Facilities and Partial Risk Guarantees.

Investment Description

- World Bank (WB)

ACCESS TO INFORMATION

To submit an information request for project information, you will have to create an account to access the Access to Information request form. You can learn more about this process at: <https://www.worldbank.org/en/access-to-information/request-submission>

ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. Information on how to file a complaint and a complaint request form are available at: <https://www.inspectionpanel.org/how-to-file-complaint>
