Project Description

According to bank's website, the proposed project aims to promote income generation, employment creation, and economic resilience by diversifying rural economic activities and improving productivity, value addition, and market integration across sectors such as horticulture, livestock and dairy, cotton, spices, handicrafts, and tourism, with a strong emphasis on women and youth participation. It supports private sector-led growth through enterprise capacity development, blended finance, and co-financing instruments that expand aggregation, processing, and logistics while reducing investment risks and improving access to commercial finance. Complementary investments in digital solutions, advisory services, and market facilitation will strengthen the rural service ecosystem, enhance coordination among value chain actors, and improve access to information, financial services, and domestic and export markets.

ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. Information on how to file a complaint and a complaint request form are available at: <https://www.inspectionpanel.org/how-to-file-complaint>
