Project Description

According to bank's website, the proposed project aims to support Sierra Leone's PFM Reform Strategy, focusing on mobilizing revenue, improving budget credibility and enhancing accountability in the management of public resources. The operation targets three results areas: (i) increasing revenue mobilization, (ii) enhancing budget credibility; and (ii) improving accountability, especially as it relates to audit responsiveness. Key initiatives include:1.) Strengthening macrofiscal and budget formulation, cash and commitment controls and execution discipline and reallocation governance through supporting medium-term expenditure frameworks, IFMIS commitment controls and operationalizing arrears prevention and clearance plans.2.) Scaling the use of core PFM digital systems--e-GP and the Public Investment Management Information System (PIMIS)--and ensuring their interoperability to improve data sharing, transparency, and efficiency in budget preparation and execution.3.) Strengthening the effectiveness of oversight institutions, notably the Audit Service Sierra Leone (ASSL), by increasing the timeliness and completeness of MDAs' responses to audit recommendations.4.) Supporting tax and customs administration reforms led by the National Revenue Authority (NRA) to boost revenue collection and compliance.

ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. Information on how to file a complaint and a complaint request form are available at: <https://www.inspectionpanel.org/how-to-file-complaint>
