Project Description

According to bank's website, the proposed project is part of the second phase of the Public Resources for Inclusive Development Multiphase Programmatic Approach (PRID-MPA) which supports a program of national and provincial fiscal reforms. While the first phase supports government programs at Federal level (P509827) and in Sindh (P511459), the second phase is intended to support programs in Khyber Pakhtunkhwa (KP) and Punjab. The present operation is proposed to support the reform program of the government of KP whereas a subsequent separate operation will support the program of the Government of Punjab. The PDO is to strengthen the fiscal system to support macroeconomic stability and service delivery. This will be achieved through i) raising tax revenues; ii) improving the efficiency and prioritization of public expenditures; and iii) strengthening the fiscal and service delivery data ecosystem. The PDO is the same as the PRID MPA Program Development Objective (PrDO) and the PDO for the Sindh and Federal Operations in phase 1 of the MPA.
