Project Description

According to the WB, the proposed Development Objective to strengthen the operational architecture for Quilombola territorial and environmental governance and promote climate-resilient, biodiversity-compatible livelihoods and income-generating activities in selected Quilombola territories in the Amazon.the project will establish the institutional and operational foundations of the Quilombola Fund and pilot the preparation and initial implementation of PGTAQs in selected territories, strengthening community capacities, institutional coordination, and generating evidence to support the scaled implementation of PNGTAQ nationwide.

Investment Description

- World Bank (WB)

Financial Intermediary

Financial Intermediary: A commercial bank or financial institution that receives funds from a development bank. A financial intermediary then lends these funds to their clients (private actors) in the form of loans, bonds, guarantees and equity shares. Financial intermediaries include insurance, pension and equity funds. The direct financial relationship is between the development bank and the financial intermediary.
