Project Description

According to the World Bank Disclosure statement, Montenegro's Real Estate Administration (REA) that its key areas of interest for World Bank financial support include data quality improvement in the country's real estate cadastre and advancement of its IT systems. Improved data quality and e-services would directly benefit private sector investment and subsequent job creation by improving transparency in the real estate sector, particularly in areas of Montenegro where there is high potential for tourism and infrastructure investments. The total budget for the proposed Real Estate Cadastre Advancement Project (RECAP) is EUR 15 million, with areas of support anticipated for (i) digital transformation for improved service delivery; (ii) improving tenure security and data reliability; and (iii) institutional and legal support.
