Project Description

According to bank's website, the proposed project aims to promote private sector investment, expand access to digital connectivity infrastructure, deepen digital government reforms, support national and state cloud migration, and scale citizen-facing services--anchored in FSM's medium- to long-term investment roadmap developed by the Digital FSM Office. The operation is aligned with the WBG Small States Strategy's focus on the physical and digital connectivity lighthouse initiative that contributes to the creation of more and better jobs in FSM. It supports the implementation of the PIC9 Regional Country Partnership and achievement of WBG Outcome Targets by scaling-up investments in critical digital infrastructure, with a focus on increasing access to broadband internet and enhancing the delivery of digitally enabled services.

ACCESS TO INFORMATION

To submit an information request for project information, you will have to create an account to access the Access to Information request form. You can learn more about this process at: <https://www.worldbank.org/en/access-to-information/request-submission>

ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. Information on how to file a complaint and a complaint request form are available at: <https://www.inspectionpanel.org/how-to-file-complaint>
