Project Description

According to bank's website, the proposed project is a results-based social protection program that seeks to strengthen Nigeria's ability to deliver sustainable and nationally financed social assistance to extreme poor and vulnerable households. The program will support the establishment of a regular and targeted cash transfer programs, including both unconditional transfers and conditional transfers aimed at improving nutrition and increasing access to education and health services. Simultaneously, the operation will strengthen the underlying delivery process through the modernization of the social registry, update of the welfare assessment approach, the establishment of integrated case management, capacity building, and enhanced implementation and monitoring mechanisms at the federal, state, and local government levels. By linking financing to tangible results and institutional reforms, the program aims to improve household welfare while building a resilient, efficient, and accountable social protection system.
