Project Description

According to the disclosure summary, the project objective is to Restore fiscal sustainability, improve public services and promote productivity-led growth. The project will achieve the objectives through four results areas (RAs):(1) Tax administration reform. Strengthening voluntary compliance and compliance risk management will increase revenue collection, contributing to fiscal sustainability and to productivity-led, equitable growth.(2) Decentralization (agenda 50:50). Designing and implementing the government's decentralization strategy will improve subnational revenue collection, spending efficiency, equity, and service delivery.(3) Public financial management, investment, and procurement. Strengthening PFM, public investment, and procurement systems, and rationalizing the current project portfolio, will improve spending efficiency, contributing to fiscal sustainability and service delivery.(4) State-owned enterprise reform. Strengthening the State's ownership function, SOE performance management and boards, and financial transparency and accountability will contribute to fiscal sustainability and productivity-led growth.

ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. Information on how to file a complaint and a complaint request form are available at: <https://www.inspectionpanel.org/how-to-file-complaint>
