EIB-20210624

Quick Facts

Countries	France
Financial Institutions	European Investment Bank (EIB)
Status	Approved
Bank Risk Rating	U
Voting Date	2022-12-20
Borrower	ECOLE POLYTECHNIQUE
Sectors	Education and Health
Investment Type(s)	Loan
Loan Amount (USD)	$ 74.38 million
Project Cost (USD)	$ 225.26 million

Project Description

According to the bank website, the project concerns the deep renovation and restructuring of Ecole Polytechnique's (EP) main educational building situated at the heart of its campus in Palaiseau, south of Paris, France. The project also comprises the construction of a new laboratory building replacing obsolete facilities, as well as the renovation and modernisation of EP's existing main laboratory building. In addition, the project includes the relocation of several smaller buildings used by EP's technical support team to make space for a green area in line with the plateau's master plan.

The project is in line with EU public policy goals associated with the European Education Area 2025, the European Higher Education Area and the Horizon Europe framework programme. It contributes to the European Higher Education Area and the European Research Area by providing modern facilities and additional space for quality teaching and research in a key higher education institution in France.

The project is therefore eligible under Article 309 c) Common Interest (Innovation, Digital and Human Capital, and Climate Action and Environmental Sustainability)

Investment Description

- European Investment Bank (EIB)

ACCESS TO INFORMATION

You can submit an information request for project information at: https://www.eib.org/en/infocentre/registers/request-form/request-form-default.htm

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: complaints@eib.org, by completing the online complaint form available at the following address: http://www.eib.org/complaints/form via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces
