## **Project Description**

As stated by the World Bank, the development objective of the Quality Health Systems Program-for-Results for Nepal is to improve quality of healthcare, enhance health insurance coverage for poor, and strengthen health emergency preparedness in the selected provinces. The program has three interlinked results areas (RA) that reinforce their individual contributions to the high-level outcomes and development objectives. The areas are: RA1: improving readiness of healthcare delivery system and quality of care; RA2: improving health insurance coverage and effectiveness; and RA3: enhancing health emergency preparedness and response capacity at provincial government and local level.
