### Project Description

This project's main objective is to strengthen the capacities of the Government of El Salvador for Strategic State Management (SSM). Its specific objectives are: (i) to support the development of the National Planning System and its link to the areas of budget and public investment and including an action plan for medium-term consolidation of the various components of the SSM; and (ii) to strengthen the generation of information for decision-making, including statistical systems and monitoring and evaluating public policies.

---

## Investment Description

- Inter-American Development Bank (IADB)

The USD 250,000 investment comes in the form of non-reimbursable Technical Cooperation.

## Contact Information

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
