Scaling Innovative Financing for the Water and Sanitation Sector

Quick Facts

Financial Institutions	Inter-American Development Bank (IADB)
Status	Approved
Bank Risk Rating	U
Borrower	Regional
Sectors	Technical Cooperation, Water and Sanitation
Investment Type(s)	Advisory Services, Grant
Investment Amount (USD)	\$ 0.60 million
Project Cost (USD)	\$ 0.60 million

Project Description

The objective of the TC is to create and expand access to improved water and/or sanitation facilities and services among low-income communities with a three-pronged approach by (i) scaling access to WaterCredit by partnering with financial institutions; (ii) providing technical assistance and capacity building to water utilities to provide financial mechanisms to users for expanding water access, and; (iii) promoting the development of blockchain technology into the MFIs systems to better capture cost savings and functionality , to create an economic identity for users , and to digitalize the interaction between users and MFIs.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
