Voting Date	2024-06-07
Borrower	Government of Madagascar - Fonds d'Intervention pour le Développement and other
Sectors	Infrastructure, Law and Government
Investment Type(s)	Loan
Investment Amount (USD)	\$ 15.00 million
Project Cost (USD)	\$ 15.00 million

Project Description

According to the Bank's website, the Project Development Objective is to enhance urban living conditions and flood resilience in selected low-income neighborhoods of Greater Antananarivo; and to improve the Recipient's capacity to respond promptly and effectively to an Eligible Crisis or Emergency.

This Project Paper seeks approval of the Executive Directors to provide a second Additional Financing (AF) in the amount of US\$15 million equivalent to the Integrated Urban Development and Resilience Project for Greater Antananarivo (PRODUIR). The US\$75 million parent project PRODUIR (P159756) (IDA Credit 6245-MG) was approved on May 17, 2018, and became effective on March 28, 2019. An AF in the amount of US\$50 million was approved on December 10, 2020 and became effective on June 30, 2021.

PRODUIR is focusing on flood risk management, urban upgrading and improving social resilience, through improving access to basic services and building institutions. Approximately 650,000 people are expected to be direct beneficiaries of the PRODUIR and the two AFs.

Components:

- Improving urban drainage, services and resilience in targeted areas
- Strengthening institutional capacity for resilient urban governance
- Project Management, Coordination, Monitoring and Evaluation
- Contingent Emergency Response Component (CERC)

Early Warning System Project Analysis

The overall project risk for the proposed operation remains the same as the parent project as Substantial. The rating of Environmental and Social Risks remains High due to the nature of the works, which will impact significant vulnerable groups (population living and/or having commercial activities on the existing right-of-way of the C3 canal), with a complex resettlement implementation that also needs adequate mitigation environmental measures.

Investment Description

- World Bank (WB)

A PROPOSED ADDITIONAL CREDIT IN THE AMOUNT OF SDR 11.4 MILLION (US\$15 MILLION EQUIVALENT).

ACCESS TO INFORMATION

To submit an information request for project information, you will have to create an account to access the Access to Information request form. You can learn more about this process at: <https://www.worldbank.org/en/access-to-information/request-submission>

ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. Information on how to file a complaint and a complaint request form are available at: <https://www.inspectionpanel.org/how-to-file-complaint>
