<b>Investment Type(s)</b>	Advisory Services
<b>Investment Amount (USD)</b>	\$ 3.10 million

---

## Project Description

The project would undertake advisory interventions in the construction materials sector like cement manufacturing, concrete, aluminum. These interventions would be related to energy efficiency, use of renewables, establishing voluntary peer reviewed green rating systems, skills development and gender development. Interventions are expected to enhance operational efficiency, reduce energy consumption in manufacturing process, enhance the uptake of alternate / green material and enhance skills of employees. The investments catalyzed as a result of the project outcomes would be climate friendly, lead to GHG mitigation.

### ACCOUNTABILITY MECHANISM OF IFC

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at [CAO@worldbankgroup.org](mailto:CAO@worldbankgroup.org). You can learn more about the CAO and how to file a complaint at <http://www.cao-ombudsman.org/>
