Voting Date	2014-11-20
Borrower	Government of Solomon Islands, Ministry of Finance and Treasury
Sectors	Energy
Investment Type(s)	Advisory Services
Investment Amount (USD)	\$ 0.50 million

Project Description

According to ADB website, the Solar Power Development Project will support development of solar power in the Solomon Islands. The Project will install grid-connected solar plants and promote private sector led solar household system (SHS) installation and maintenance companies. The Project is proposed to be financed through a project loan and grant. The Project will:

1. Decrease the cost of power supply by replacing diesel power generation with solar power
2. Increase access to power through roll-out of a private sector led fee-for-service model
3. Reduce greenhouse gas emissions through development of renewable energy.

Investment Description

- Asian Development Bank (ADB)

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
