## Project Description

The EBRD has provided financing to Wuppermann Hungary Kft. in the form of portage equity. This project is Wuppermann's first investment in Hungary and the second largest independent galvanising company in Europe. The greenfield plant in Gyorgony will replace Wuppermann's existing plant in Linz. The production activities are expected to commence in the last quarter of 2016.

---

## Investment Description

- European Bank for Reconstruction and Development (EBRD)

WUPPERMANN HUNGARY KFT is a German family-owned company with a track record of over 140 years. The company specializes in production of galvanised steel strips, welded tubes, profiles and intermediary steel components. The majority of its products are sold in Germany and other EU countries.

## ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent. You can contact the PCM at [pcm@ebrd.com](mailto:pcm@ebrd.com) or you can submit a complaint online using an online form, [http://www.ebrd.com/eform/pcm/complaint\\_form?language=en](http://www.ebrd.com/eform/pcm/complaint_form?language=en). You can learn more about the PCM and how to file a complaint at <http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html>.
