Project Description

The development objective of the Public Financial Management Improvement and Consolidation Project for Sierra Leone will strengthen the overall development impact of the PFMICP, adjust the World Bank's assistance to better reflect changing government priorities and circumstances, and enhance the overall achievement. The overall project will be restructured to (a) revise the Project development objective; (b) revise several components to reflect new and dropped activities; (c) revise the Results Framework and Monitoring to reflect the additional financing (AF) and progress to date; and (d) extend the closing date by two years, to March 31, 2020.

Investment Description

- World Bank (WB)

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at: <http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx>.
