## Project Description

The Inter-American Development Bank has released little information on this project as of the time of writing. It states the following objectives for the project on its website:

1. Strengthen the knowledge and capacities of Northern Triangle foreign affairs officers (at chanceries as well as diplomatic and consular missions) on initiatives to support migrants in the United States, and planning eventualities for assisted return of nationals, as well as legal support.
2. Secure the commitment of the officials participating in the workshop to train colleagues at their chanceries and consulates and diplomatic missions, as well as to conduct informative sessions for their communities in the United States.

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
