## Project Description

According to the Agency's document, this project finances the development, construction and operation of an up to 158.7 megawatt wind farm in Taiba N'Diaye.

The major environmental and social concerns related to the Project include economic displacement as a result of land acquisition, potential impacts on resident and migrating birds and bats, visual and noise impacts, potential impacts from shadow flicker and impacts to community health and safety resulting from increased traffic and influx of nonlocal workers.
