### **Project Description**

According to the project document, the proposed knowledge and support technical assistance (TA) will enhance the knowledge and capacity of participating developing member countries (DMCs) to develop policy actions and technological solutions for air quality management.

This TA will also build the business case through the preparation of City-Level Clean Air Action Plans (CAAPs) along with investment plans to implement CAAPs. This TA is designed based on the request of DMCs and included in the Environment Thematic Group's 2018 annual work program.

### ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
