Project Description

According to the bank website, the project will assist partner financial institutions in improving their capacity to serve their healthcare SMEs clients, especially in light of the ongoing COVID-19 pandemic, focusing on areas such as: program onboarding and general training for partner financial institutions; training and awareness building on medical equipment planning, procurement, maintenance and other relevant issues for healthcare SMEs and; financial management and business planning toolkit.

People Affected By This Project

The objective of this project is to improve partner financial institutions' ability to offer more financing to healthcare SMEs and prepare healthcare SMEs to become more bankable. The advisory component aims to strengthen healthcare SMEs' medical equipment procurement processes, financial management competencies and business planning; as well as strengthen partner financial institutions' understanding of the Risk Sharing Facility (RSF) and credit underwriting skills in the sector.
