

 Early Warning System

IADB-CO-T1735

Innovative Urban Storm Drainage Systems in Colombia: a differential approach to manage extreme events caused by climate change considering planning, gender, and sustainability aspects.

Quick Facts

Countries	Colombia
Financial Institutions	Inter-American Development Bank (IADB)
Status	Proposed
Bank Risk Rating	U
Borrower	Government of Colombia
Sectors	Technical Cooperation, Water and Sanitation
Investment Type(s)	Grant
Investment Amount (USD)	\$ 0.30 million
Project Cost (USD)	\$ 0.30 million

Project Description

According to the Bank's website, the main objective of this TC is to address the implementation of the Sectoral Strategic Plan for Urban Storm Drainage in Colombia (PESDU), in accordance with the results of the Plan prepared in 2022 , in an innovative way. The TC will: i) implement innovative tools and technologies in two municipalities to identify technologies to prevent, measure, and manage urban drainage; ii) include new variables and sectors to consider in the integral management of urban storm drainage, such as adaptation to climate change, urban and territorial planning, sustainable infrastructure (gray, green, and blue), and gender; iii) align the technical and regulatory aspects to promote the implementation of new technologies for urban drainage; iv) use of projects and the link with regulation at the national level, considering the approach of proven technologies and enabling conditions in the country.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
