## **Project Description**

According to the Bank's website, the project consists of a private equity fund targeting investments primarily in climate resilient infrastructure in Africa.

The investment team targets both new and existing projects or assets and intends to apply for the latter a buy and grow strategy that consists of acquiring significant minority stakes in existing infrastructure platforms and then expanding them further, with a strong focus on climate resilience and transition risk management. The investment team aims to deliver essential or enabling resilient infrastructure assets or projects in transport and logistics, clean energy, industrial parks and economic zones, and in telecommunications and digital infrastructure sectors in Africa.

## **PROCUREMENT**

The EIB will require the fund manager to take all requisite measures to ensure that contracts for implementation of the projects financed by the fund will be tendered in line with the Bank's Guide to Procurement.

### ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: [complaints@eib.org](mailto:complaints@eib.org), by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: [http://www.eib.org/attachments/strategies/complaints\\_mechanism\\_policy\\_en.pdf](http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf)

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
