## **Project Description**

This project finances guidance to developing member countries on improving the quality of results-based project design, including customized advice for different lending modalities such as policy-based lending, results-based lending, and multi-tranche financing facilities. In addition, it will support operational research on issues that affect the delivery of desired project outputs and outcomes.

---

**Investment Description**

- Asian Development Bank (ADB)

This project is funded by the ADB's Technical Assistance Special Fund.

**ACCOUNTABILITY MECHANISM OF ADB**

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
