Project Description

According to IFC, the proposed project is an up to US\$50 million Working Capital Solutions (WCS) facility to be extended to Prime Bank Limited (“Prime Bank” or the “Bank”) in Bangladesh, under the ‘Fast Track COVID-19 Facility’ (FTCF) umbrella. This proposed Project is structured as a one-year facility, renewable for additional two years, for a maximum aggregate tenor of three years. This Project will support working capital, trade finance and foreign exchange liquidity needs of the sub-borrowers (export/import-based enterprises) through Prime Bank’s Off-Shore Banking Unit. A portion of the IFC loan proceeds is expected to be earmarked to support Prime Bank’s climate-eligible working capital and trade-related transactions as per IFC’s eligibility criteria.

Through this Project, IFC will be offering US\$ liquidity support amidst prevailing global economic headwinds and support the Bank in catering to working capital and trade related needs of its clients.

Investment Description

- International Finance Corporation (IFC)

The proposed Project is an up to US\$50 million Senior Loan from IFC's own account in the form of WCS.
