Investment Amount (USD)	\$ 0.85 million
Project Cost (USD)	\$ 3.22 million

Project Description

According to the Bank's website, the project's development objective is to improve monitoring and evaluation frameworks, capacity, and use in supported developing countries in South Asia and Indonesia. In doing so, the project will seek to build partnerships with existing ECD providers to generate synergies. This project aims to contribute to the higher-level development of the objective of the GEI, namely, to improve monitoring and evaluation frameworks, capacity, and use in supported developing countries for improved evidence - informed policymaking.

Investment Description

- World Bank (WB)

ACCESS TO INFORMATION

To submit an information request for project information, you will have to create an account to access the Access to Information request form. You can learn more about this process at: <https://www.worldbank.org/en/access-to-information/request-submission>

ACCOUNTABILITY MECHANISM OF THE WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. Information on how to file a complaint and a complaint request form are available at: <https://www.inspectionpanel.org/how-to-file-complaint>
