## Project Description

The Project aims to facilitate the development of tourism hubs (main towns) and spokes (tourist attractions around the hubs, including cultural and natural heritage sites) in East New Britain and Milne Bay provinces. The Project will strengthen the institutions that are the backbone of the sector at the national and provincial level. The Project will also improve the attractiveness of Alotau, Kokopo, and Rabaul as tourism hubs, together with the identification and improvement of priority tourism sites, products and experiences in surrounding sites. In doing so, the respective local tourism sectors will be better able to provide economic opportunities for the bottom forty percent, in addition to establishing longer term employment and business generation paths, and ensuring the preservation of natural and cultural assets.
