## Project Description

Support the Colombian government for the creation of a Project Management Office (PMO) to structure and implement a Comprehensive Strategy for Rural Productivity, strengthening the areas of road infrastructure, land adaptation and rural social development. Specifically, it seeks to: (i) achieve the articulation of the different levels of government for the implementation of prioritized projects to improve rural productivity in selected PDET municipalities; (ii) provide support for institutional and security strengthening; (iii) consolidate actions for the strategic communication of the activities to be carried out in the territories in order to achieve greater appropriation and sustainability of the projects.

## Investment Description

- Inter-American Development Bank (IADB)

The country's counterpart amount to USD 20,000.

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
