---

## **Project Description**

Bank's description: The loan will allow access to working capital, equipment and tools, machinery, infrastructure, improved seeds, and other necessary adequate management of organic quinoa production. Training and technical assistance will help strengthen the productive and managerial skills of producers and strengthen organizations. As a result, this project will allow participating families to increase production and productivity, and as a result, increase sales to the international market and improve net family income

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
