## **Project Description**

To increase tourism spending in the five departments comprising the Uruguay River Corridor, in that tourism is an input that triggers income and employment in destinations. In particular, the first CCLIP program (UR-L1113) aims to achieve this objective through the consolidation of the efforts initiated by the previous Program (2601 / OCUR) in the Uruguay River Corridor, which was selected for its potential tourism, mainly related to nautical, ecotourism and local culture.

### ACCOUNTABILITY MECHANISM OF IDB/ IIC

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
