<b>Borrower</b>	National Treasury
<b>Sectors</b>	Climate and Environment
<b>Investment Type(s)</b>	Advisory Services
<b>Project Cost (USD)</b>	\$ 15.00 million

---

## Project Description

According to bank documents, the project objective is to create an outcome-driven structured bond that channels private sector funds to increase black rhino populations in target protected areas in South Africa.

The project is focused on addressing major challenges for financing conservation and proposes an innovative financing model to unlock and direct private finance for the conservation of the black rhino in South Africa. The Project aims to catalyze the world's first Wildlife Conservation Bond (WCB) that links the coupon payments of an institutional SDG-related bond issuance to conservation performance.

## ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing [ipanel@worldbank.org](mailto:ipanel@worldbank.org). You can learn more about the Inspection Panel and how to file a complaint at: <https://www.inspectionpanel.org>.
