Early Warning System

Scatec-Aeolus Tataouine 2 Solar

EBRD-57350

Quick Facts

Countries	Tunisia
Specific Location	Governorate of Tataouine
Financial Institutions	European Bank for Reconstruction and Development (EBRD)
Status	Proposed
Bank Risk Rating	B
Voting Date	2026-12-16
Borrower	Tataouine PV Power
Sectors	Construction, Energy
Investment Type(s)	Loan
Investment Amount (USD)	$ 37.39 million
Project Cost (USD)	$ 102.18 million

Project Description

According to bank provided information, the investment involves the provision of a senior debt financing to fund the construction and operation of a 100 MWAC solar photovoltaic plant and its associated transmission infrastructure, located in the governorate of Tataouine in Tunisia (the "Project").

The Project will support private sector participation in the Tunisian power sector and increase the share of renewable energy in the energy mix, in line with the nationally declared targets, bringing a strong demonstration effect for the energy transition in a fossil fuel-dominated economy. The Project will also promote skills development and employability for youth and women in Tataouine Governorate through a new, nationally accredited technical programme on photovoltaic systems, delivered in partnership with local technical institutes. It will also strengthen gender-responsive HR policies and practices of the Client and support an outreach campaign to attract young women to technical and STEM roles in a traditionally male-dominated energy sector.

Investment Description

- European Bank for Reconstruction and Development (EBRD)

Private Actors Description

TATAOUINE PV POWER

Tataouine PV Power is a special purpose vehicle to be incorporated in Tunisia for the sole purpose of owning and operating the Project. It is co-owned by Scatec (50%) and Aeolus SAS (50%), part of the Japanese conglomerate Toyota Tsusho Group.

ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent.

You can contact the PCM at: pcm@ebrd.com or you can submit a complaint online using an online form at: http://www.ebrd.com/eform/pcm/complaint_form?language=en

You can learn more about the PCM and how to file a complaint at: http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html
