---

## Project Description

According to Bank documents, this project aims to improve the financial viability of the power sector in Tajikistan, and to increase the reliability of electricity supply. Project components include adopting new electricity tariff methodology, restructuring the debt of state-owned Barqi Tojik, and rehabilitating and upgrading works at Barqi Tojik's electricity distribution networks.

---

## Investment Description

- World Bank (WB)

This project is part of the Program-for-Results Financing. The total cost of the Tajik government's program is US\$608 million.

## ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing [ipanel@worldbank.org](mailto:ipanel@worldbank.org). You can learn more about the Inspection Panel and how to file a complaint at:

<http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx>.
