Investment Type(s)	Loan
Investment Amount (USD)	\$ 9.60 million
Loan Amount (USD)	\$ 9.60 million

Project Description

According to ADB website, the project involves the construction, operation and maintenance of a 15-megawatt (MW) solar power plant in Khoshigt valley, Tuv aimag, which is located 40 kilometers (km) from Mongolia's capital, Ulaanbaatar, and 17 km from the new international airport. It will also entail the construction of a 110/10kV substation, a 14-km long 110kV double circuit overhead electricity transmission line, as well as the extension of the 110/10kV Khoshigt substation owned by the National Power Transmission Grid SOJSC.

Investment Description

- Asian Development Bank (ADB)

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
